Dear Mr. Struck:

The Port of Portland (Port) has performed a remedial investigation (RI) at the Marine Terminal 1 (T1) South Site. The RI was performed in accordance with the Oregon Department of Environmental Quality (DEQ) approved T1 South Work Plan, dated August 31, 2000, and the Revised Addendum No. 1 to the T1 South Work Plan, dated October 23, 2000. The attached T1 South RI Report documents the results of the soil and groundwater investigations and is submitted to DEQ for review.
